School of Education & Counseling Meeting  
August 17, 2012

The meeting began at 12:00 p.m.

In Attendance  
Frank Adams, Johanna Barnes, Barb Black, Jean Blomenkamp, Kathleen Conway, Janice Dinsmore, Steve Dinsmore, Sherry Dorman, Laura Franklin, Terry Hamilton, Joni Irlmeier, Dana Kubo, Dennis Lichty, Judy Moeller, Marilyn Mudge, Susan Nordstrom, Jim Ossian, Craig Pease, Tim Sharer, Phyllis Spethman, Bob Sweetland, Sue Sydow, Josh York, Daryl Wilcox, Keith Willis

Dean’s Report  
Dr. Jean Blomenkamp spoke about the new technology (Smart Arm/Interactive System) in Rooms 101 and 201, and that currently there will be IPAD classes taught out of Room 201 with plans to include Room 101 in the future. Kelly Kenny will conduct training on the Smart Arm/Interactive System at 2 p.m. today in Room 201. The Brandenburg Building Summer Project List was reviewed, mentioning all of the updates and improvements. Laura Franklin has been given Office 216. Dr. Blomenkamp also discussed the Prospective Student Handout bags and the WSC flash drive that will be included. There also has been a change in the sponsor for the WSEAN group. Joni Irlmeier has handed over the leadership to both Judy Moeller and Laura Franklin. Dr. Blomenkamp led the rest of the meeting following the agenda items.

Agenda Items

- WSC bags – Everyone at the meeting was given a WSC black plastic bag containing a WSC pen, scratch pad, and flash drive.
- Welcome Laura Franklin. She is working on her doctorate. It was added that Joni Irlmeier and Johanna Barnes are also working on their respective doctorates.
- A video, explaining the Benchmarks of the Education Program, was created by Johanna Barnes and reviewed by TPAC. The video was watched by all in attendance and should be watched by all education students. Students will be watching the movie in EDU 150 and it will also be available on the website.
- A newly updated benchmark chart has been released by the Field Experience Office and a copy has been placed in everyone’s mailbox. The third check-off item, under Level One, states that students are required to view the WSC Benchmarks video as part of the new Education program.
- NCATE & TEAC will become CAEP, although when this will take effect is not yet known. Starting now, they will begin collecting three years of data. Folios are due to the state in the fall of 2015. The state and NCATE teams will provide on-site visits in the spring of 2017.
- The School of Education will use separate undergraduate and graduate Conceptual Frameworks, however, they will both include the same five program goals. The outcomes of each goal are specific to the undergraduate or graduate level.
- The Instructional Leadership Master’s Program has been renamed according to the requirements in Rule 21. It is now Curriculum & Instruction/Instructional Leadership.
- All Education programs are exempt from the 120 hour policy, according to Board Policy #4140, although most of the rest of the campus must adhere to the hour policy. Advisors are asked not to refer to the 120 hour rule when visiting with prospective students.
Vice President of Academic Affairs Dr. Anderson is preparing a job description for the School of Education and Counseling Dean’s position. He would like to have the search completed and a new dean in place by the end of the fall semester.

With the implementation of the new Education program, expectations of Fall enrollments are not what was anticipated. We have added an EDU 150 class and two EDU 250 classes (resulting in a total of two online and four face-to-face 250 classes). Concerning NENTA, Dr. Sharer will manage that program by himself and Dr. Sweetland will take Dr. Sharer’s Classroom Management class. Karen Sweeney is having surgery so Amy Hill will take her EDU 302W0 class. EDU 414 is a new 80-hour secondary clinical class taught by Mr. Hochstein. There are 72 enrolled in three sections. The Music Department is conducting their own 414 class with 19 students enrolled. Dr. Barb Black will be teaching EDU 603, and the demand is so great that she will teach two sections. Dr. Black’s EDU 627 has been canceled. What used to be SPD 151 is now SPD 160 and SPD 301 with two sections of 160 and one section of 301. We have needed almost two sections of all SPD and Early Childhood classes for the fall semester.

Dr. Anderson wants to examine and review a piece of data at every meeting (i.e. overload agreement). The reasoning is to encourage use of more full-time faculty and to use in basing program decisions. Also will be using the data to look at items such as the Communities of Learning program and the PDS program. Dr. Kathleen Conway reminded us of a comment made by Stan Carpenter: “Our students are taught by full-time faculty.”

TPAC met four times during the past two weeks and accomplished much including teacher work sample evaluations.

Dr. Blomenkamp thanked everyone for the time and effort they have put forth in preparing for classes that will begin on Monday.
